Chief Crespín states four (4) were purchased and that they are great for getting in places like the river walk quickly and effectively. Officers read to the children as well.
- Chief Crespín speaks about the LEAD Program. He explains the collaboration with each law enforcement division in this area. Chief Crespín reads off the LEAD flyer as to what the program entails. Kimberly Blea states if a person who is addicted wants treatment, it is very challenging for individuals due to our location. Kimberly states she

can see that this LEAD program can really assist individuals. One problem she mentions is she has experienced that most individuals have a mental health condition and they use to cope with their problem which has not been diagnosed. LEAD offers a long term sobriety. Kimberly says this will change the dynamics in our community and help decrease crime. Kimberly mentions updates and progress with the Epi Duran building being given to San Miguel County. They are the physical sponsor of this treatment center. MSG (Mora San Miguel & Guadalupe) subcommittee group is the residential treatment center. Process for program services needs to be in place for providers to come in and work with individuals. Joseph Whiteman asks how many individuals will be in LEAD program, Chief Crespín states it depends on officer and the counselor and to keep in mind it is law enforcement driven. Officers will get trained on this program.

- Roy Montibon brings up the distribution of the survey at the fiestas. Mentions the electronic version would be the next step. Chief states feedback from public was not that great during the fiestas. We received around thirty (30) surveys. The public mentioned there were some errors and seemed long. Roy Montibon states we agreed to survey monkey as our electronic version of this survey. Chief mentions there may be a free version on survey monkey; Kimberly adds there may be a limited amount of questions on this one. Need to check into survey monkey. Need to consolidate the survey.

-Motion to look at the two (2) surveys. Joseph Whiteman makes a motion to approve a short survey and Lee Einer seconds. All in favor motion passed.
